We are committed to improving and maintaining the health of employees and their families.

Health center services include primary/acute care, preventive care, medication dispensing, laboratory services, and also annual physicals, health coaching, and much more.

Services are offered at no cost to the participant. A \$30 copay may apply for members actively contributing to an HSA.

The Health Center is available to covered employees and their dependent spouses and children over two years old.

Members may keep their existing primary care physician in addition to using the Health Center.

All health information within the center remains confidential.
